

## Pila® IBC™ Charger

### NEW Spacers for Charging 3.7 Volt Li-ion 18350 Batteries

On customers' demand and with immediate effect, Pila® IBC™ chargers are supplied with two additional interlocking spacers for charging 3.7 Volt Li-ion 18350 cells which are shorter than standard Pila® Li-ion batteries.

IBC™ is widely regarded as one of the safest and most reliable Li-ion chargers. To ascertain customers' safety, IBC™ chargers were extensively tested in our laboratory with 3.7 Volt Li-ion 18350 cells of various brands and makes. The tests showed no malfunctioning of the IBC™ charger or overheating of any of the tested batteries.
